

Scoring Criteria ¹	Criteria Performance	Points Awarded
CTC Prioritization: Relative CTC project prioritization	Prioritized in the CTC list as Highly Recommended	50
	Prioritized in the CTC list as Recommended	40
	Prioritized in the CTC Contingency List	20
Regional Priorities: Project implements SCAG's adopted RTP/SCS, including future adopted Plan policies and strategies	Aligns with 3 or more Regional Priorities	20
	Aligns with 1 or 2 Regional Priorities	10
	Does not align a Regional Priority	0
Performance Measures: Project demonstrates support for Connect SoCal Performance Measures ² (including but not limited to Federal Transportation Performance Management Goals)	Supports 6 or more Performance Measures	20
	Supports 4 to 5 Performance Measures	10
	Supports 1 to 2 Performance Measures	5
	Supports less than 2 Performance Measures	0
Equity: Project demonstrates direct and/or indirect benefit that positively impact Priority Equity Communities	Demonstrates direct positive benefit to Priority Equity Communities	10
	Demonstrated indirect positive benefits to Priority Equity Communities	5
	Does not demonstrate positive benefits to Priority Equity Communities	0
Air Quality Improvements: For CMAQ-eligible projects, expected criteria air pollutant (CAP) emissions reductions and relative cost effectiveness of projects in reducing CAP emissions in the SCAG region Air Basins	Demonstrates cost effectiveness in reducing CAP emissions	10
	Estimates CAP emission reduction benefits	5
	Does not address CAP emission reduction benefits	0
